

# CDI Subject Index, 1999

## A

### ACIR

See *Australian Childhood Immunisation Register*

### AIDS

See *HIV and AIDS*

### Acute Flaccid Paralysis

Associated with enterovirus 71 outbreak; 199

Surveillance 1995-1998; 128

### Acute haemorrhagic fever syndrome

Overseas update; 111, 141

### Acute respiratory infection

Overseas update; 91

### Arboviruses

See also separate disease names

Surveillance reports; 28, 60, 82, 132, 200

### ASPREN

See *Australian Sentinel Practice Research Network*

### Australian Childhood Immunisation Register

See *Childhood Immunisation Coverage for reports*

See *Immunisation*

### Australian Gonococcal Surveillance Programme

See *Gonococcal surveillance*

### Australian Meningococcal Surveillance Programme

See *Meningococcal disease*

### Australian National Polio Reference Laboratory

See *Poliomyelitis*

### Australian Sentinel Practice Research Network

Surveillance data in *CDI*, explanation; 55

See *Communicable Diseases Surveillance for reports*

## C

### Campylobacter

Enteritis outbreak, Queensland; 215, 220

### CDI

See *Communicable Diseases Intelligence*

### Childhood Immunisation Coverage

Surveillance reports; 36, 110, 232, 314

### Cholera

Overseas updates; 40, 67, 91, 112, 141, 183, 208, 235, 260, 276, 335

### Communicable Diseases Intelligence

Instructions for authors; 59

Technical report series; new publications; 246

Subscription address change; 348

Surveillance data in, explanation; 55

### Communicable Diseases Surveillance

Reports; 28, 60, 82, 104, 132, 173, 200, 223, 247, 265, 306, 328

### Cryptosporidium

In water, conference report; 170

## E

### Encephalitis

St. Louis overseas update; 276, 315

### Enterococcus faecalis

Case of  $\beta$ -lactamase positive, vancomycin resistant; 237

### Enterovirus

Outbreak and acute flaccid paralysis; 199

## F

### Flavivirus

See *individual diseases*

See *Sentinel Chicken Surveillance Programme*

### Foodborne disease

Surveillance reports; 307, 329, 360

## G

### Gastrointestinal diseases

See *individual diseases*

Surveillance reports; 82

### Gonococcal surveillance

Annual report of the Australian Gonococcal Surveillance Programme, 1998; 193

Surveillance data in *CDI*, explanation; 58

Surveillance reports; 88, 193, 365, 366

## H

### Haemorrhagic fever

Overseas update; 235, 259

### Hepatitis A

Hepatitis A in Australia in the 1990s; 113

The epidemiology of acute hepatitis A in North Queensland; 120

### HIV and AIDS

Surveillance data in *CDI*, explanation; 56

Surveillance reports; 35, 66, 90, 109, 139, 181, 206, 230, 253, 271, 368

## I

### Immunisation

Coverage in Australian children, 1990-1998; 145

Measuring childhood coverage;

See *Childhood Immunisation Coverage*

### **Influenza**

Influenza A outbreak in Sydney nursing home; 54

National surveillance

1998 Annual report; 185

Surveillance data in *CDI*, explanation; 56

Surveillance reports; 205, 228, 252, 270, 312

Overseas updates; 40, 111

Vaccination

Australian recommendations for 2000 season; 323

## **K**

Kunjin virus

Activity, see *Sentinel Chicken Surveillance Programme*

## **L**

LabWISE

See *Virology and Serology Laboratory Reporting Scheme*

Leptospirosis

Outbreak in Queensland; 173

## **M**

Malaria

Overseas updates; 208, 235

Measles

Enhanced surveillance in Victoria; 51

MMR immunisation, autism and inflammatory bowel disease; 222

National Measles Surveillance Strategy; 41

Outbreak Queensland, assessment of vaccine effectiveness; 240

Outbreak Victoria; 75

Surveillance reports; 132, 174, 223

Meningococcal surveillance

Annual report of the Australian Meningococcal Surveillance Programme, 1998; 317

Invasive serogroup C cluster; 261

Overseas updates; 40, 68, 141

Surveillance reports; 247, 265, 306, 329, 335, 359

The law and non-notification; 97

Murray Valley Encephalitis

See *Encephalitis*

Activity, see *Sentinel Chicken Surveillance Programme*

## **N**

National Influenza Surveillance

See *Influenza*

National Notifiable Diseases Surveillance System

Annual report 1997; 1

Annual report 1998; 277

Surveillance data in *CDI*, explanation; 55

See *Communicable Diseases Surveillance for reports*

*Neisseria canis*

Infection, case report; 221

Nipah virus

Overseas update; 111

NNDSS

See *National Notifiable Diseases Surveillance System*

Notifiable diseases

See *National Notifiable Diseases Surveillance System*

## **P**

Pertussis

See *vaccine preventable diseases*

Poliomyelitis

Eradication; 76

Overseas updates; 141, 259, 315

Report of the Australian National Polio Reference laboratory, 1998; 124, 324

Vaccine associated paralytic; 80

Wild poliovirus, last reported case; 77

Plague

Overseas updates; 183, 235

## **R**

Refugee crises

Preparation, Kosovar health surveillance; 305

Rift Valley fever

Overseas updates; 68

Rotavirus

Diversity and surveillance; 198

Surveillance reports; 28, 315

Rubella

And congenital rubella, epidemiology 1992-1997; 209

Infection in pregnancy; 93

## **S**

Salmonellosis

Outbreak South Australia; 73,

Outbreak at wedding feast, South Australia, 101

Sentinel Chicken Surveillance Programme

Surveillance data in *CDI*, explanation; 57

Surveillance reports; 37, 89, 180, 229, 313, 367

Serious Adverse Events Following Vaccination Surveillance Scheme

Surveillance data in *CDI*, explanation; 58

Surveillance reports; 34, 138, 255, 370

Sexually transmissible diseases
