 bi-annual report, July to December 2001; 419–427
 surveillance report; 188
 See also: Poliomyelitis

Australian Paediatric Surveillance Unit
surveillance report; 624–625

Australian Rotavirus Surveillance Program
annual report, 2001/2002; 537–540
quarterly surveillance report; 305

Australian Sentinel Practice Research Network
surveillance
data in *CDI*, explanation; 58–59
report; 82, 188, 304, 487, 621

Australia's notifiable diseases status, annual report

See: National Notifiable Diseases Surveillance System

B

Barmah Forest virus
outbreak of disease in Victoria; 600–604
surveillance report; 71, 170–171
See also: Communicable diseases surveillance tables

BCG

See: Tuberculosis

Bloodborne disease

surveillance report; 65, 138–143, 472
See also: Communicable diseases surveillance tables, hepatitis B, hepatitis C, HIV/AIDS

Botulism

surveillance report; 144–145
See also: Communicable diseases surveillance tables

Bovine spongiform encephalopathy

overseas briefs; 91–93, 498–499
See also: Creutzfeldt-Jakob disease

Brucellosis

overseas briefs; 312–313
surveillance report; 177
See also: Communicable diseases surveillance tables

C

Calicivirus

prolonged outbreak linked to an aged-care facility; 261–264

Campylobacter

See: Campylobacteriosis

Campylobacteriosis

surveillance report; 66, 146, 608–609
See also: Communicable diseases surveillance tables

Ceftriaxone; 84, 245, 623

Cephalosporin; 544

Chancroid

annual report, 2000; 154

Chickenpox

See: Varicella

Childhood immunisation coverage

surveillance report; 87–88, 168, 307–309
491–493, 626–628

Cholera

overseas briefs; 90, 93–94

surveillance report; 610

See also: Communicable diseases surveillance tables

Chlamydial infection

rising prevalence of genital infection at Sydney Sexual Health Centre, 1994 to 2000; 51–54

surveillance report; 154–156, 294, 610

See also: Communicable diseases surveillance tables

Communicable Diseases Australia website; 575

Communicable Diseases Control Conference 2003; 471

Communicable Diseases Intelligence

bulletin board; 89

editorial; 5-7, 113–117, 321–322, 436–438, 552–554

editorial team; 50, 225, 575
errata; 13, 73, 288–289, 374, 545
instructions for authors; 62–64
surveillance data in *CDI*, explanation; 57–61

Communicable diseases surveillance

annual report
See: National Notifiable Diseases Surveillance System
See also: individual surveillance schemes
report; 65–88, 290–310, 472–495, 608–630

Creutzfeldt-Jakob disease

evaluation of Australian surveillance system; 265–272
surveillance report; 190
variant Creutzfeldt-Jakob disease
overseas briefs; 312, 632

Cryptosporidiosis

outbreak linked to unpasteurised milk; 449–450
surveillance report; 67, 290–291, 473
See also: Communicable diseases surveillance tables

D

Dengue

outbreak in two suburbs in Townsville, North Queensland, 2001; 596–600
overseas briefs; 94, 311, 496, 633–634
surveillance report; 173, 294
See also: Communicable diseases surveillance tables

Diphtheria

overseas briefs; 315
surveillance report; 162
See also: Communicable diseases surveillance tables

Directly Observed Therapy Short-course

Tuberculosis; 214

Donovanosis

surveillance report; 156
See also: Communicable diseases surveillance tables

E

Ebola haemorrhagic fever

overseas briefs; 90, 313

Encephalitis

See: Sentinel Chicken Surveillance Programme
See also: Kunjin virus, Murray Valley encephalitis

Enteroviruses

See: hand, foot and mouth disease; poliomyelitis

Errata

invasive meningococcal disease and invasive coinfection; 13
National notifiable diseases annual report, 1999; 73

Escherichia coli

overseas briefs; 631

Escolar

editorial; 436–438
outbreak; 439–440, 440, 441–445

F

Flavivirus

See: Sentinel Chicken Surveillance Programme
See also: dengue, Kunjin virus, Japanese encephalitis, Murray Valley encephalitis

Foodborne disease

Australia's Imported Food Program; 28–32
OzFoodNet
annual report, 2001; 375–406
quarterly report; 22–27, 248–252, 430–435, 546–551
See also: Salmonellosis

G

Gastrointestinal diseases

- linked to barbecued chicken; 446–448
- outbreak associated with escolar; 439–440, 440, 441–445
 - editorial; 436–438
- outbreak associated with raw eggs; 32–37, 38–39, 285–287
- surveillance report; 65–67, 144–153, 290–292, 473–474, 608–610

See also: Communicable diseases surveillance tables, botulism, campylobacteriosis, cryptosporidiosis, haemolytic uraemic syndrome, hepatitis A, listeriosis, rotavirus, salmonellosis, shiga-like-toxin and verotoxin producing E. coli infections shigellosis, typhoid

Gerstmann-Straussler-Scheinker disease

See: Creutzfeldt-Jakob disease

Gonococcal infection

- antimicrobial resistance; 156–158, 242–247
- Australian Gonococcal Surveillance Programme
 - annual report, 2001; 242–247
 - quarterly surveillance report; 83–85, 622–623
- surveillance report; 68, 156–158
- WHO Western Pacific Region
 - annual report, 2001; 541–545

See also: Communicable diseases surveillance tables

Gonorrhoea

See: Gonococcal infection

H

Haemolytic uraemic syndrome

- surveillance report; 65
- See also: Communicable diseases surveillance tables*

Haemophilus influenzae type b

- surveillance report; 70, 163
- See also: Communicable diseases surveillance tables*

Haemorrhagic fever

See: Viral haemorrhagic fever

Hand, foot and mouth disease

- overseas briefs; 94

Hepatitis A

- surveillance report; 66, 147, 292
- See also: Communicable diseases surveillance tables*

Hepatitis B

- surveillance report; 139–140
- See also: Communicable diseases surveillance tables*

Hepatitis C

- outcomes from the first two years of the Australian surveillance strategy; 14–22
- surveillance report; 65, 141–143,
- See also: Communicable diseases surveillance tables*

Hepatitis D

- reduction in disease burden: measuring the success of universal immunisation programs; 458–460
- surveillance report; 143
- See: Communicable diseases surveillance tables*

Hepatitis E

- overseas briefs; 95
- surveillance report; 66, 148
- See also: Communicable diseases surveillance tables*

HIV and AIDS

- overseas briefs; 487
- surveillance data in CDI, explanation; 59
- surveillance report; 85–86, 307–308, 489–490, 625–626

Human calicivirus

See: Calicivirus

See also: Norwalk-like virus

Human pituitary hormone

See: Creutzfeldt-Jakob disease

Hydatid infection

annual report, 2000; 177

I

Immunisation

childhood immunisation coverage

See: Childhood immunisation coverage

Influenza

ASPREN data

*See: Australian Sentinel Practitioner
Research Network*

editorial: improving surveillance in Australia;
5–7

fragmentation of surveillance in Australia,
8–12

LabVISE data

*See: Virology and Serology Laboratory
Reporting Scheme*

National Influenza Surveillance Scheme

annual report 2001; 204–213

surveillance data in *CDI*, explanation;
59–60

surveillance report; 70, 189, 292–293,
474, 610

overseas briefs; 315, 498, 631

vaccination

Australian recommendation for 2002
season; 64

*See also: Communicable diseases
surveillance tables*

Intergovernmental Committee on HIV/AIDS,
Hepatitis C and Related Diseases; 469–470

J

Japanese encephalitis

*See: Communicable diseases surveillance
tables*

K

Kunjin virus infection

and Murray Valley encephalitis, reappearance
of human cases in Central Australia; 39–44

*See also: Communicable diseases
surveillance tables*

*See also: Sentinel Chicken Surveillance
Programme*

Kuru

See: Creutzfeldt-Jakob disease

L

Legionellosis

review of surveillance in Australia, 1991 to
2000; 462–470

surveillance report; 71–72, 181–183, 476,
611

*See also: Communicable diseases
surveillance tables*

Leprosy

surveillance report; 183

Leptospirosis

surveillance report; 178–180

*See also: Communicable diseases
surveillance tables*

Listeriosis

overseas briefs; 631

surveillance report; 66–67, 148, 609

*See also: Communicable diseases
surveillance tables*

Lymphogranuloma venereum

surveillance report; 156

Lyssavirus

See: Rabies

M

- Malaria**
 overseas briefs; 95, 314, 316
 surveillance report; 175
See also: Communicable diseases surveillance tables
- Measles**
 outbreak among young adults in Victoria, February 2001; 273–278
 outbreak in the Whitsundays, Queensland; 589–592
 overseas briefs; 94–95, 496
 surveillance report; 69, 163–165, 292, 474, 610
See also: Communicable diseases surveillance tables
- Melioidosis**
 Torres Strait Islands of Far North Queensland; 279–283
 surveillance report; 295
- Meningitis**
 overseas briefs; 313
- Meningococcal infections**
 Australian Meningococcal Surveillance Programme, annual report, 2001; 407–418
 epidemiology in north Queensland, 1995 to 1999; 44–50
 erratum; 13
 overseas briefs; 634–635
 refining the public health response to primary meningococcal conjunctivitis; 592–595
 surveillance report; 72, 183–185, 294, 476, 611
See also: Communicable diseases surveillance tables
- Mosquito control**
Aedes, exotic; 175
- Mumps**
 surveillance report; 69–70, 163–165
See also: Communicable diseases surveillance tables
- Murray Valley encephalitis virus**
 and Kunjin, reappearance of human cases in Central Australia; 39–44
 surveillance report; 71, 294
See also: Communicable diseases surveillance tables
See also: Sentinel Chicken Surveillance Programme
- Mycobacterium**
See: Tuberculosis

N

- National Centre in HIV Epidemiology and Clinical Research**
See: HIV and AIDS
- National Enteric Pathogens Surveillance System**
 surveillance reports; 309–310, 494–495, 629–630
- National Influenza Surveillance Scheme**
See: Influenza
- National Mycobacterial Surveillance System**
See: Tuberculosis
- National Notifiable Diseases Surveillance System**
 annual report, 2000; 118–203
 case definitions; 191–198
 erratum; 73
 surveillance data in *CDI*, explanation; 58
 tables; 74–79, 296–301 478–483, 612–617
See also: Communicable diseases surveillance
- National Public Health Partnership; 284–285**

National Rotavirus Reference Centre

See: Australian Rotavirus Surveillance Program

Neisseria gonorrhoea

See: Gonococcal infection

Neisseria meningitidis

See: Meningococcal infection

Nipah virus

overseas briefs; 635

Norwalk-like virus

calicivirus, prolonged outbreak linked to an aged-care facility; 261–264

editorial; 552–554

outbreak in Canberra: implications for infection control in aged care facilities; 555–561

surveillance report; 72–73

Notifiable diseases

See: Communicable Diseases Surveillance

See also: National Notifiable Diseases Surveillance Scheme

O

Ornithosis

surveillance report; 180, 474

See: Communicable diseases surveillance tables

Overseas briefs; 90–97, 311–316, 496–499, 631–635

Outbreak

Barmah Forest virus; 600–604

dengue; 596–600

measles; 273–278, 589–592

Norwalk-like virus; 261–264, 555–561

Salmonella; 32–37, 38–39, 285–287, 562–567, 568–573

OzFoodNet

annual report, 2001; 375–406

quarterly surveillance report; 22–27, 248–252, 430–435, 546–551

P

Penicillins

gonococcal; 84, 244–245, 542, 622

meningococcal; 414

Pertussis

infection control and public health aspects of a case in a maternity health care worker; 584–586

surveillance report; 68–69, 165–167, 292, 474

tracking transition from whole-cell to acellular pertussis vaccines, Australian Childhood Immunisation Register; 581–583

See also: Communicable diseases surveillance tables

Plague

overseas briefs; 314

See also: Communicable diseases surveillance tables

Plasmodium spp.

See: Malaria

Pneumococcal disease

annual report; 505–519

invasive disease in North Queensland, 2001; 520–524

surveillance report; 293

See: Communicable diseases surveillance tables

Poliomyelitis

acute flaccid paralysis; 253–260, 419–427

Australia declared polio free; 253–260

Australia's commitment to global eradication by 2005; 237

Australian National Polio Reference Laboratory annual report, 2001; 419–427

eradication in Australia and the world; 113–117

overseas briefs; 312, 498, 635

surveillance report; 167

See also: Communicable diseases surveillance tables

Prion protein

See: Creutzfeldt-Jakob disease

Public Health Laboratory Network; 55–57

Q

Q fever

surveillance report; 180–181, 474

See also: Communicable diseases surveillance tables

Quarantinable diseases

surveillance report; 153, 610

See also: Cholera, plague, yellow fever

Quinolone; 84–85, 245, 543, 623

R

Rabies

unusual reaction to vaccine; 587–588

See also: Communicable diseases surveillance tables

Ross River virus

surveillance report; 71, 172, 294

See also: Communicable diseases surveillance tables

Rotavirus

annual report, 2001/2002; 537–540

quarterly surveillance report; 305

surveillance report; 188

See also: Australian Rotavirus Surveillance Program

Rubella

overseas briefs; 316

surveillance report; 70, 167–168

See also: Communicable diseases surveillance tables

S

Salmonellosis

National Enteric Pathogens Surveillance System

See: National Enteric Pathogens Surveillance System

outbreak associated with raw eggs; 32–37, 38–39, 285–287

outbreak of new phage type linked to symptomatic food handler; 562–567

statewide outbreak of *Salmonella* Bovismorbificans phage type 32 infection in Queensland; 568–573

surveillance; 609

Sentinel Chicken Surveillance Programme

annual report, 1 July 2001 to 30 June 2002; 253–260

surveillance data in *CDI*, explanation; 60–61

surveillance reports; 83

Serology

Kunjin virus

See: Kunjin virus; Sentinel Chicken Surveillance Programme

Murray Valley encephalitis virus

See: Murray Valley encephalitis; Sentinel Chicken Surveillance Programme

Sexually transmitted infections

surveillance report; 68, 153–160, 610

See also: Chlamydial infection; communicable diseases surveillance tables, donovanosis, gonococcal infection, syphilis

Shiga-like-toxin and verotoxin producing *E. coli* infections

surveillance report; 151, 609

See also: Communicable diseases surveillance tables

Shigellosis

overseas briefs; 498

surveillance report; 151

See also: Communicable diseases surveillance tables

SLTEC

See: Shiga-like-toxin and verotoxin producing E. coli infections

Smallpox

overseas briefs; 97, 632–633

Spectinomycin; 84, 245, 543, 623

Staphylococcus enterotoxin

outbreak of staphylococcal food poisoning; 574–575

Surveillance

See: Communicable diseases surveillance

Surveillance report

Australian Gonococcal Surveillance Programme; 83–85, 622–623

Australian Rotavirus Surveillance Program; 305

HIV and AIDS; 85–86, 307–308, 489–490, 625–626

Sentinel Chicken Surveillance Programme; 83, 253–260

See also: Communicable diseases surveillance

Syphilis

surveillance report; 68, 158–160

See also: Communicable diseases surveillance tables

T

Tetanus

surveillance report; 69, 168

See also: Communicable diseases surveillance tables

Tetracycline resistant *Neisseria gonorrhoeae*; 85, 246, 544, 623

Transmissible spongiform encephalopathies

See: Creutzfeldt-Jakob disease

Tuberculosis

annual report, 2000, laboratory; 226–233

annual report, 2000, notifications; 214–225

annual report, 2001, notifications; 525–536

antimicrobial therapy; 223, 533

National Strategic Plan for TB Control in Australia beyond 2000; 238–241

surveillance report; 185

Western Pacific Region, Second Technical Advisory Group meeting, Beijing; 234–237

See also: Communicable diseases surveillance tables

Tularemia

overseas briefs; 90

Typhoid

surveillance report; 66, 152

See also: Communicable diseases surveillance tables

U

Unexplained rash

overseas briefs; 313–314

V

Vaccine

unusual reaction to rabies vaccine; 587–588

Vaccination

See: Immunisation

Vaccine effectiveness, observation methods; 451–457

Vaccine preventable diseases

surveillance report; 68–70, 161–168, 292–293, 474–475, 610

See also: Diphtheria, Haemophilus influenzae type b, influenza, invasive pneumococcal disease, measles, mumps, pertussis, poliomyelitis, rubella, tetanus

Vancomycin resistant *Enterococcus*

surveillance report; 72

Variant Creutzfeldt-Jakob disease

See: Creutzfeldt-Jakob disease

Varicella

overseas briefs; 97

varicella-zoster virus; 576–580

Vectorborne diseases

surveillance report; 70–71, 169–175, 293–294

See also: Arbovirus infection, Barmah Forest virus infection, dengue, Japanese encephalitis, Kunjin virus infection, malaria, Murray Valley encephalitis, Ross River virus infection

Viral haemorrhagic fever

overseas briefs; 90, 313

See: Communicable diseases surveillance tables

Virology and Serology Laboratory Reporting Scheme

data tables; 80–82, 302–304, 484–486, 618–620

editorial; 321

review, 1991 to 2000; 323–374

surveillance data in *CDI*, explanation; 61

surveillance report; 185–187, 294, 476–477, 611

VTEC

See: Shiga-like-toxin and verotoxin producing E. coli infections

W

West Nile virus

overseas briefs; 313, 631, 634

World Health Organization

gonococcal, Western Pacific Region, 2001; 541–545

Y

Yellow fever

overseas briefs; 95–96

See also: Communicable diseases surveillance tables

Yersiniosis

annual report, 2000; 152–153

Z

Zoonoses

surveillance report; 175–181, 294, 475

See also: Anthrax, brucellosis, leptospirosis, Q fever

Zoster

See: Varicella
